

Milele

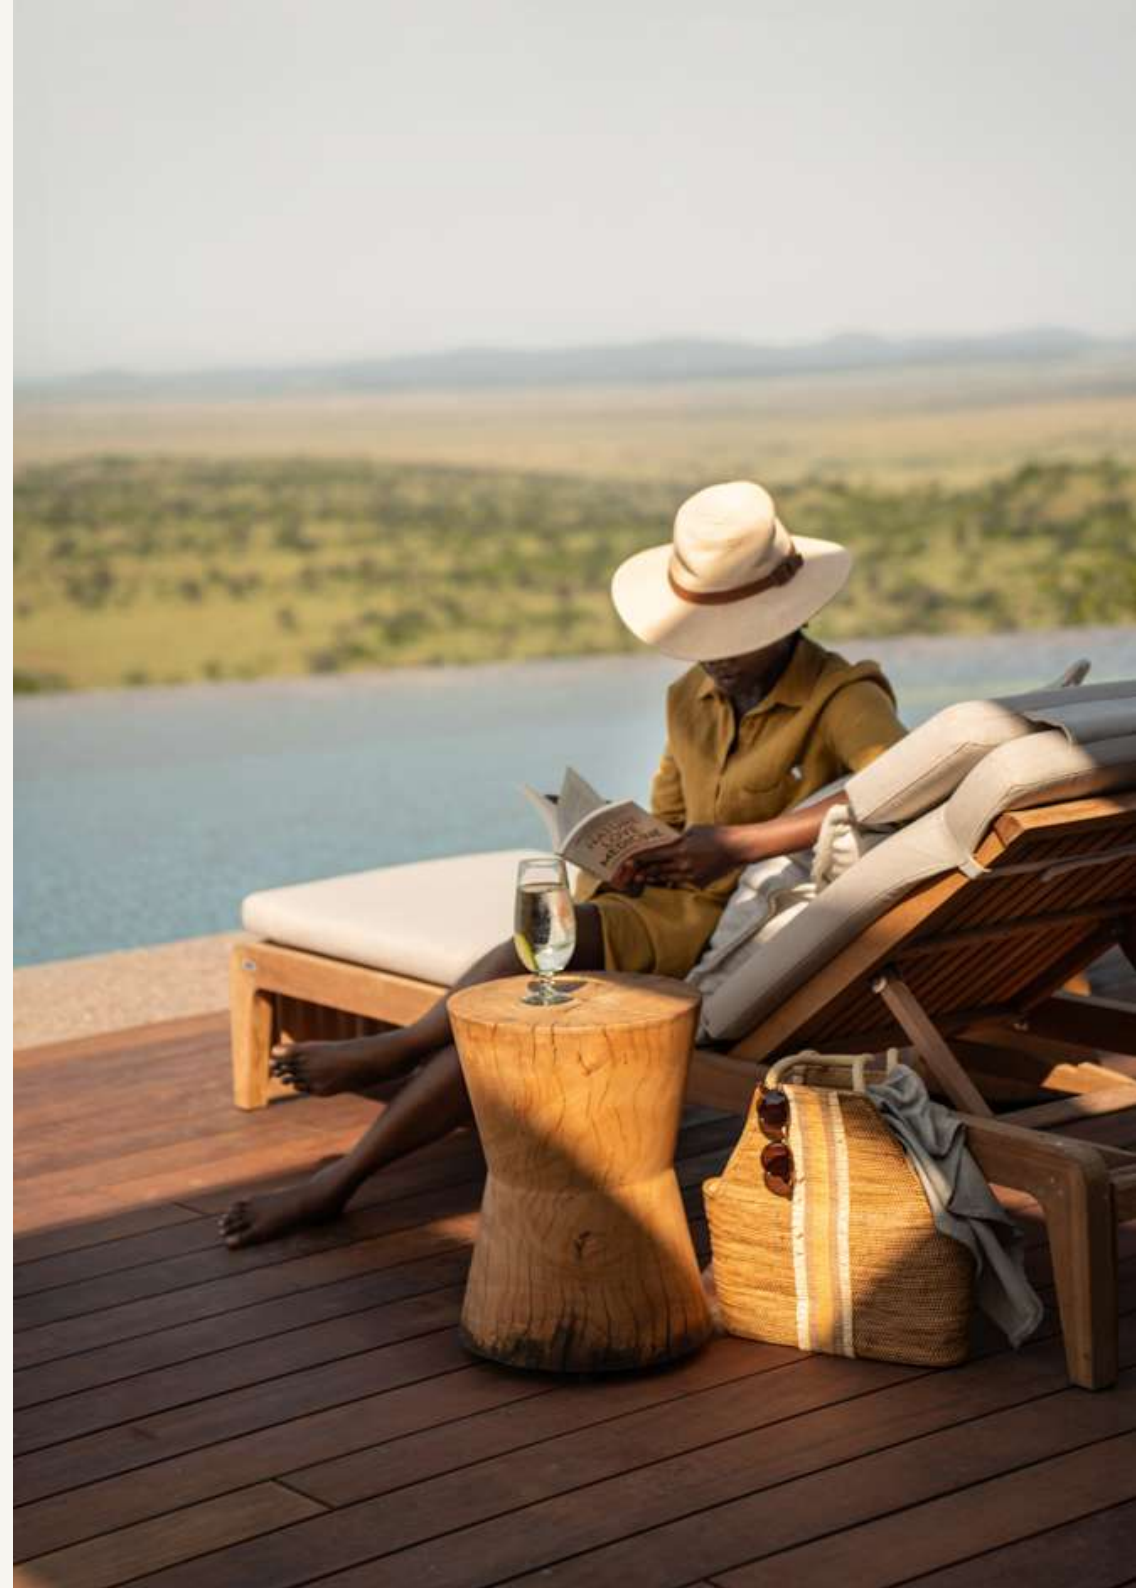

SERENGETI, TANZANIA

Singita

“A secluded retreat of extraordinary scale, Milele offers a deeply personal way to experience the landscapes and wildlife of the Serengeti.”

— Jo Bailes, CEO

Our purpose

Singita is a conservation-led ecotourism brand. Guided by an enduring purpose to protect and preserve large areas of African wilderness for future generations, we curate journeys and experiences across some of the continent's most expansive, untouched concessions — striving, always, to inspire a deeper sense of care for nature and for Africa itself.

THE GRUMETI FUND

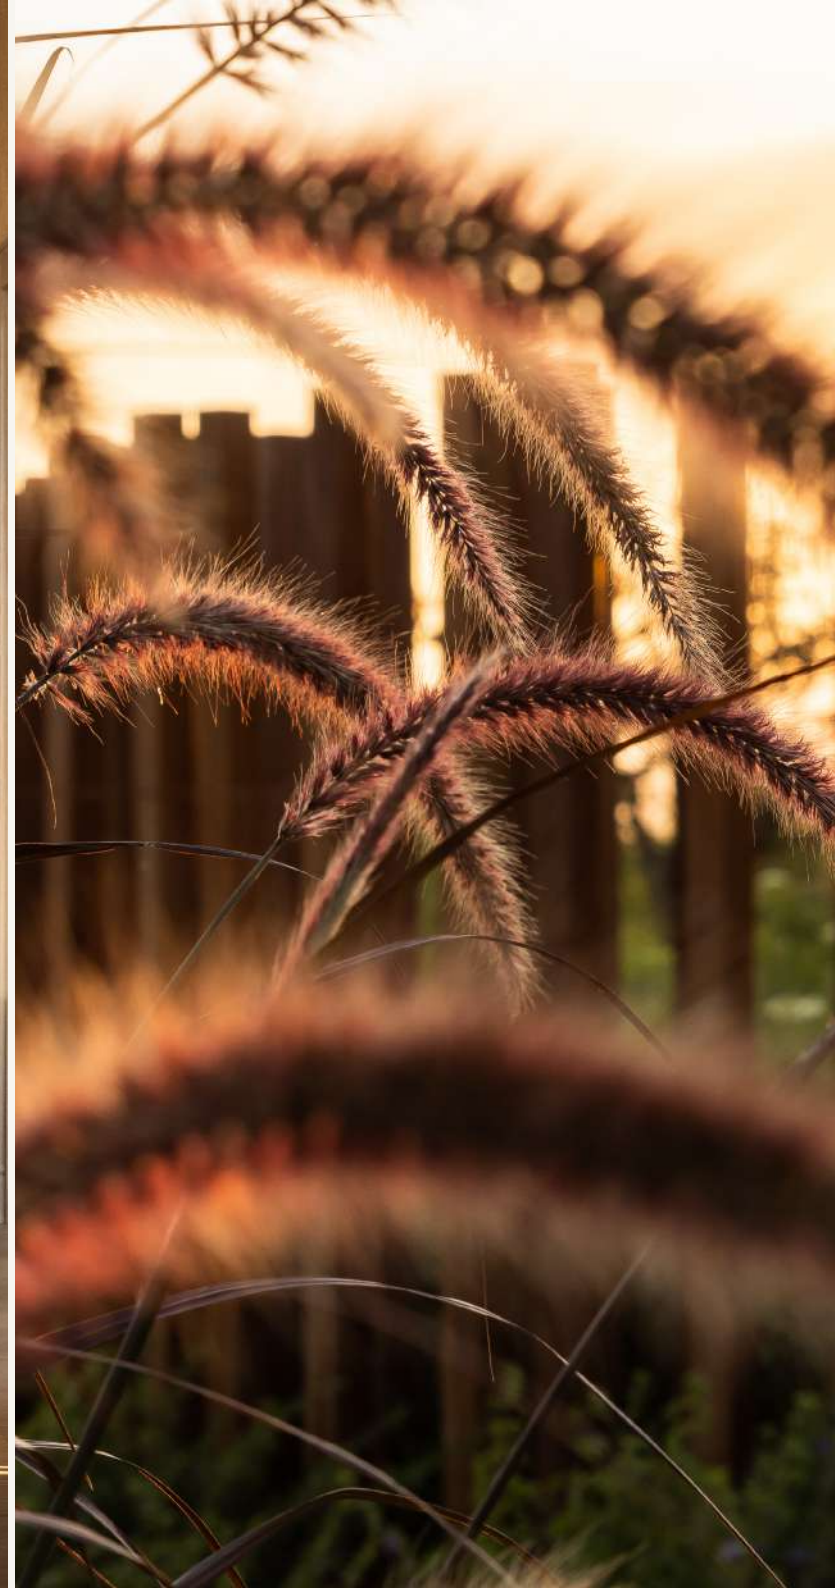

The **Grumeti Fund** is an independent non-profit organisation. Our conservation partner in Tanzania and the custodian of 350,000 acres of wilderness along the western corridor of the Serengeti, where **Singita Grumeti** is located, its team works tirelessly in the pursuit of a world in which people and wildlife coexist sustainably, forever.

Milele

There's a sense of freedom at Milele, felt throughout. The grandeur of open skies and endless plains infiltrates every corner. Outdoor pools, loungers, and dining areas flow seamlessly into more intimate spaces, all framed by sweeping views that draw the scenery inwards. Modern and quietly expressive, it's layered with thoughtful details, vibrant patterns, and colourful pieces that invite curiosity and playfulness. Designed for connection yet never without privacy, it's a place to swap stories over cocktails at sunset, celebrate together deep into the night, or unwind in the comfort of a home that feels entirely your own.

Our location

SINGITA GRUMETI (A)

A seemingly endless expanse of teeming plains, riverine forests, thorny scrubland, and rising hills, this concession forms part of the Serengeti-Mara ecosystem. Rich in heritage and biodiversity, it's home to the annual Great Migration, along with an abundance of other endemic and migratory wildlife throughout the year.

An aerial photograph showing several modern, multi-story buildings with flat roofs and large windows, nestled within a dense, lush green forest. The buildings are interconnected by a network of paths and are surrounded by numerous trees and shrubs. A small, curved swimming pool is visible near one of the buildings. The overall scene is a harmonious blend of modern architecture and nature.
